The Editor's

Column

Editor of Carmel Pine Cone
Dear Editor:

Regarding an auditorium for Carmel, why not pool all our resources, school district, city, music societies, private subscriptions, and build a real one with seating capacity to justify bringing major cultural events here.

In small communities schools are used for adults as well as for children. Sunset Auditorium was built for adults as well as for children. Without this hall, we would have had no Bach Festival, no Heifetz, Rubenstein, Pinza, Dorothy Maynard and a hundred other world figures.

The Pacific Grove High School Auditorium was not built for students alone, or the seating capacity of 1000 in 1931 would have been sharply reduced. Without that auditorium there'd have been no Community Concert Association series. And ask any Pacific Grove, adult or child, what the town would have been without these concerts, and without the wonderful summer music school for years under direction of Mancini.

I wonder if you don't worry a bit too much about those poor, unfortunate children who might have too large an auditorium!

In small cities throughout the country, high school auditoriums are used for important cultural events. How many concerts, lectures, plays have I heard staged in school halls! This enables taxpaying adults (besides the children) to get something for their money.

Carmel has a God-given opportunity to become the leading music and dramatic center for its size in the whole United States. Why hold the city back for the lack of an auditorium?

—Hal Garrott.

Dear Hal:

I agree with you about pooling all our resources but I think we should have more resources if we pooled those of the city instead of the school district. Even though the taxable property is less in the city than the district, the city probably would have more to spend because it doesn't have the building program to finance that the school district has. It isn't just resources that must be considered, but resources against obligations. There is a limit to what the school district can spend, and it has to plan for class rooms and school buildings as well as an auditorium.

Moreover, if the city built the auditorium, putting the city offices in the basement, so that it served as a city hall and auditorium, the auditorium could be built with the needs of the concert-going public the primary consideration. There would be no need of compromises to adapt it to both school and concert uses, compromises that might result in a building that would serve neither purpose satisfactorily, too large for the young peoples' dramatic production and too small to bring the outstanding attractions that music-loving Carmel wants. Would a 1500 seat auditorium make it possible for the community to bring in symphony orchestras?

There are many questions that
(Continued on Page Three)

Robles Del Rio Club Appoints Permanent Board

A permanent board of directors was appointed, the by-laws approved and a general plan of action was outlined at a meeting last Sunday night of the newly-organized Robles del Rio Improvement Club.

The club has been organized by a group of interested property owners to ascertain that: (1) roads in the community are developed and improved; (2) that a fire district be organized to insure adequate fire protection in this heavily-wooded area; (3) that a deputy sheriff be appointed and (4) to take care of any further improvements for the tract itself.

Permanent officers of the club are: George J. Koch, president; Mrs. Mildred Dobie, secretary; Clyde Call, vice-president; William Woods, treasurer; Lewis H. Leve, Mrs. Irene Baldwin and James P. Blackman, directors.

Even before the club was organized permanently, it received the approval of the Board of Supervisors, and thus far the accomplishments have been: appointment of Elliot Marrs as deputy sheriff; preliminary organization of the fire district by the supervisors and District Attorney Anthony Brazil; starting construction of a new bridge and widening of the road into Robles Del Rio and plans outlined for general road improvement in the tract.

The fire district will include Robles Del Rio, subdivisions 1, 2 and 3, and Los Laureles Tract.

Letters to taxpayers and property owners in the district are being mailed this week by Koch and these letters will explain the aims and purposes of the organization. Membership cards will be included in the letters, and annual dues will be \$5 per year. This money will be used to further the aims of the organization whenever necessary.

Lincoln Bus Station Not A Flag Stop Now Says Harold Harper

Complete success crowns the efforts of Col. W. E. Pulliam in his campaign to re-establish the bus stop at Lincoln and Ocean.

Harold Harper, manager of the Bay Rapid Transit, told the Pine Cone this week that not only has the stop been re-established, but henceforth it will be a scheduled affair, not just a flag stop.

Mr. Harper said he was pleased with the outcome of Col. Pulliam's crusade. "It was the Carmel city government, not the Bay Rapid Transit, that ordered the discontinuance of the stop last year. We've always tried to accommodate the people of Carmel in every possible way."

Old timers recall that before Carmel had taxi service, the Bay Rapid Transit bus would call at their homes, on request, to take them to the morning train. "There was no extra cost for this," one early inhabitant told the Pine Cone, "but we had to pay for every additional piece of luggage. How we used to struggle to squeeze everything into one grip."

Community Chest Drive Begins Oct. 1, Goal Almost Halved

The Peninsula Community Chest campaign will begin October 1, it was announced this week by Mrs. Marion Todd, executive secretary of the organization, with a goal of \$44,587.

Included in the drive this year will be 12 local agencies and the USO. Sixteen national agencies were refused in accordance with promises made to contributors during the last campaign. Last year's goal was \$72,000.

Will One-Way Traffic Relieve Dolores Street Squeeze Citizens Ask

The word was going up and down Dolores Street this week: "How about one-way traffic?"

The feeling, not only on Dolores Street but all over town, is that unless measures are taken to control the traffic that jams more often than flows on Dolores Street, something more serious than lost tempers and scratched fenders will result.

Sam DeMello, whose nursery business is on the west side of Dolores, between Ocean and Seventh where the traffic situation is most acute, and Paul McKinstry, whose grocery business is across the street, both favor one way traffic as a possible solution. It was they who drew up and circulated the petition that resulted in two-hour time limit parking on Dolores.

McKinstry says he'd like to see all parking taken off Dolores and Ocean Avenue in the business district and city owned parking lots established in the vicinity, but until that golden day comes, something should be done about the Dolores Street Squeeze.

"Instituting one-way traffic would ease things up a little, do away with the jams that result when people try to pass double-parked trucks and find a string of cars coming toward them. I don't care which way they decide to have the one-way traffic go, but the logical direction, it seems to me, would be the way most people go to the post office, from south to north."

City Councilman Allen Knight, who as police commissioner would have considerable influence in putting a one-way traffic ordinance through, thinks it might solve the problem partially but, "I wouldn't like to see anything done that would be unfair to the merchants along the street. What do the others think about it?"

P. A. McCreery, whose insurance office is on Dolores between Ocean and Sixth, feels that confusion would result in trying to educate people to the one-way regulation, because so many tourists visit here. "A lot of signs would have to be put up pointing here and there—and signs don't improve the appearance of a street." He thinks that if two truck loading zones were set aside between Dolores and Seventh and double parking prohibited, a large part of the problem would be solved.

Harold Nielsen, whose grocery store is on Dolores between Seventh and Eighth, thinks that a good way to find out how one-way traffic would work would be to try it out. A trial wouldn't involve too much, he thought, a sign at both ends. The tourists should catch on easily enough because so many of them have one-way traffic in their own towns. Just seeing parked cars on both sides of the street heading in the same direction should be the tipoff, he believes.

Chief of Police Roy Frates says, "I can't say truthfully that I think one-way traffic regulation would solve the problem. It has been successful on long streets in big cities getting traffic through the town. I can't see how it will stop congestion here as long as we allow them to park two hours and to double park. The last is just a courtesy we allow, and I think they are abusing it. But I'm not a traffic engineer, and I'd be willing to try it if somebody could convince the council that it might work. Any-

Margaret Christman To Sing At Mission In Serra Memorial

At the sacred concert in the Carmel Mission Sunday evening, at 8:00 o'clock, which commemorates the 162nd anniversary of the death of Father Serra, Miss Margaret Christman, the soprano, who delighted Carmel audiences with her beautiful rendition of the madrigals in the Bach Festival, will sing groups of songs including works of Bach and Handel, as well as some little-known modern compositions of singular appropriateness, Son of Mary by Diack and Oice at the Angelus by Arthur Foote.

She will be assisted in some concert numbers by an augmented choir which includes Mesdames Gibbs and Cooke, Messrs. Bensberg and Miller, with Noel Sullivan at the organ.

There will be a benediction at the conclusion of the concert. The public is invited.

Carmel Music Foundation Gives Concerts In S. F.

A five concert series, A Festival of Songs in English, will be presented in San Francisco August 26 through September 4 at the San Francisco Museum of Art and the California Women's Club, under the auspices of the Carmel Music Foundation. This is the first out-of-town Music Foundation presentation, and according to Carmelita Benson, director, is an example of the type of work the Foundation hopes to do, since it fulfills two of the purposes of the organization:

To aid and further the careers of worthy western musicians by providing auditions and management services; to foster and encourage American music and composers. Another objective is to establish a graduate school of music for Pacific Coast and Western States here in Carmel.

There is a possibility that one of the Festival of Songs concerts will be brought to Carmel. There is a plan for making the Festival an annual event, the concerts to be presented at the western universities and colleges as well as in San Francisco.

According to the program, Lise Tserman, Norman Benson and Allison Ralston will be presented at the California Women's Club Monday evening, August 26; Muriel Andrews and Joseph James, Tuesday, and Lois Hartzell, Norman Benson and Henrietta Harris, Friday. The Museum of Art recitals will be given Monday, September 2, Carl Hague, Corrine Barrow Williams and Raymond Fong; and Wednesday, Lawrence Strauss and Virginia Blair.

Contemporary composers whose

GETTING AROUND THE PENINSULA

WITH BETH

An original fantasy called The Cats will be presented on September 13, 14 and 15 at the Los Gatos Bowl. The play is by Dean Jennings, ex-Chronicle reporter, and is the first event to be held in the outdoor amphitheater in several years. There will be a cast of 150, and among those taking part will be Mrs. Kathleen Norris and Yehudi Menuhin. Sponsors of the event include Olivia De Havilland, Joan Fontaine, Mrs. Lillian Fontaine, Mrs. Fremont Older, Gertrude Atherton, Ralph Waldo Trine and Mrs. Sarah Bard Field.

Open-air shows are part of Carmel's heritage. Who could ever forget Perry Newberry's Mikado, Bert Heron's Hamlet, the annual children's plays, the Carmel Follies? These and the many other fine plays produced through the years provided fun for everyone, cast and audience alike. Is Carmel too grown up and sophisticated for this

type of entertainment? Now that the war is over there is no longer any reason why the Forest Theatre could not be repaired and renovated and a program drawn up for a grand dramatic season in 1947.

X X X

A recent addition to Monterey's fleet of purse seiners is the St. Christopher, owned by Paul Giamona and his sons, Joseph, John and Horace. The boat was blessed by the Rev. Thomas McGovern at ceremonies in Monterey bay, and following a reception several hundred guests were given a ride around the bay. The fishing fleet went out Monday night after two weeks of negotiations regarding an increase to \$30 per ton, with 70 boats participating. Cannery workers were also allowed a pay increase, and if the sardines cooperate, the town may well look ahead for a record season. Forty-five per cent of the pack has been spoken for by the government.

Legion vs. Firemen—8 p.m.
Thursday, August 29—
Herald Carriers vs. Pine Cone Jrs.
Friday, August 30—
Adult League Play-off.

SCORELESS INNINGS STOPPED—BUT GOOD

Last Saturday night the Carmel Pine Cone Softball team journeyed to Palo Alto for a return game with the Palo Alto Plumbers. With 64 scoreless innings against them the local lads were looking forward to increasing the number another seven innings. The end of the first inning saw the hopes of the Pine Cone shattered as the Plumbers took to the offering of Fred Zannini for 5 tallies.

Minus the sterling battery of Miyamoto and Nicholson it was apparent, early in the ball game, that Palo Alto carried too many guns for Carmel. At the outset of the second inning the Palo Alto right fielder connected with one of Zannini's offerings and deposited it far over the road in left field, and, to make matters worse, the following hitter slammed a triple to the same spot to score later on a single by the Plumber catcher.

Although trailing by five runs in the first of the seventh the Pine Cone team showed a wealth of determination and nearly tied up the ball game. A home run by Chuck Cheshire, his second of the game, started the rally and when the smoke had cleared the score stood—Palo Alto 12, Carmel Pine Cone 11—more fun than scientific play.

OAKLEY ALL-STARS—6, CARMEL PINE CONE—0

In their tournament debut at Stockton the Pine Cone team met a classy aggregation from the neighboring city of Oakley. Although the local team played good ball, the combination of hard hitting and one-hit pitching was too much for them to overcome.

Oakley scored three runs in the first inning which were gifts attributed to the difficulty in judging fly balls. The Oakley leadoff man hit a clean single and Ky lost control of a pitch to hit the next batter. The next two batters hit fly balls which were lost in the lights and fell for base hits practically to ice the game for the All-Stars.

The Pine Cone club had one big inning when it looked as though they might dent the platter. Studevant and Stetson laid down bunts which were fumbled by the opposing pitcher and with nobody out, the situation looked good for the local boys. At this point the Oakley pitcher decided to take matters into his own hands and proceeded to strike out the next three batters.

Besides striking out ten of the opposition, Ky garnered the only hit made by the Pine Cone team.

HERALD CARRIERS BOUT JEEPS

18 to 0! A field day for the Carriers. So potent was the stick work of the carrier kids' that the Pacific Grove Jeeps hollered for help in the fourth inning and the game was terminated at that point.

While the batters were having a field day at the expense of the Jeep hurler, Narvaez pitched one of the best games of the year and set the Pacific Grove team down with one scratch hit, a single by Pieretti.

Paul Artellan and UpDyke led the Carrier hitters and played a nice game in the field as well.

Short Score: R H E
Jeeps 0 1 4
Herald Carriers 18 14 3

POLICE UPSET LEGION IN ADULT LEAGUE PLAY

Proving that their win over the Firemen was no accident, the Police came back last Friday night to upset the strong Legion nine. Behind steady pitching by Jim Kelsey and heavy hitting by Ivan Kelsey, it was easy for the Police to maintain a comfortable margin throughout the game.

Sensational fielding plays by Jack Mays and Johnny Weigold prevented the Police from scoring more runs. Bill Mays led the Legion stickmen, collecting two blows in three times at bat besides playing a nice game in the field.

Dufur, on the mound for the Legion boys, held the Police to eight hits, but damaging blows in the pinch turned the eight hits into ten runs.

Short Score: R H E
Legion 10 8 3
Police 5 9 3

Batteries: Legion: Dufur and Welman, Police: J. Kelsey and Bohlke. Umpires: Ricketts and Butts.

HIGH SCHOOL ALL-STARS ROLL ON

Displaying a marked ability to come from behind and win, the High Stars combed the offerings of Ernie Morehouse and Paul Clemens for ten runs while holding the Lions to six tallies. In the first inning it looked as though the pedagogues were finally going to bite the dust when the Lions jumped on Dawson for four runs, but Chuck bore down from that point on and held the clubmen to only two more runs.

Paul Clemens, Lion pitcher, was the only player to collect more than one hit from the offerings of Dawson. In his first two trips to the platter Paul slashed out clean hits and was the contributing factor in scoring most of the Lion runs.

Bob Doerr was the big gun in the Stars' attack, hitting a powerful three for four, including one home run.

Rolling along with an undefeated season, the High School nine finds the opposition bearing down with a determined effort to put them in the loss column.

Short Score: R H E
Lions Club 6 5 4
High Stars 10 8 4

Batteries: Lions—Morehouse, Clemens, and Wilder, Cheshire; High Stars—Dawson and Westover.

PINE CONE JRS. CHASE TERMITES

With Ward Gilbert in control at all times, the Pine Cone sprouts defeated the Pacific Grove Termites by the tune of 6 to 2. Ward pitched steady ball and contributed to his own cause by collecting two hits. Art Harber, catcher for the Juniors, was the leading hitter with three for four, one being a home run.

Higuera pitched good ball for the Termites but his support in the field was spotty and kept him in hot water most of the game. None of the Pacific Grove boys solved Gilbert's offerings for more than one hit.

With this victory the Pine Cone kids have cinched a tie for the second half race in the Junior League; if they win the rest of their games they will be season champs as they were defeated in the first half.

Short Score: R H E
Termites 2 5 4
Pine Cone Jrs. 6 5 2
Batteries: Termites—Higuera and Hicks; Pine Cone Jrs.—Gilbert and Harber.

SECOND HALF JUNIOR LEAGUE STANDINGS

	Won	Lost
Pine Cone Jrs.	2	0
Herald Carriers	2	1
P. G. Termites	0	2
P. G. Jeeps	0	1

Pine Cone Jrs. won first half.

HIGH SCHOOL STARS WIN AGAIN

Running their consecutive string of victories to ten, the High School All-Stars trounced the Firemen 11 to 7 in the first game of Wednesday's twin bill. By scoring 8 runs in the first two innings the Stars were allowed to coast to victory. Chuck Dawson pitched his usual superlative brand of ball and was afforded good fielding support by Martin Irwin and Newt Goodrich. In addition to holding the hard hitting Firemen to eight hits, Chuck connected for a triple with the bases bulging to aid his cause.

Kenny Roberts pitched good ball for the Firemen, but had the misfortune to meet the High School outfit when they were hitting in the clutch. Butts, Ricketts, and Studevant contributed fine fielding and hitting support for the Firemen.

Short Score: R H E
Firemen 7 8 3
High School 11 10 4
Batteries: Firemen—Roberts and Warren;

High School—Dawson and Westover.

Umpires: Hicks and Baker.

LIONS ON BATTING RAMPAGE

Duke Dufur was throwing his 'gopher ball' with monotonous regularity in the second game of Wednesday's double-header, and the Lions teed off for 16 runs to beat the Legion nine 16 to 10. All the Lions broke into the hit column, but Charley Childers and Mike Balaz were the big guns with three solid socks in four times at bat. While his mates were circling the bases to pile up a substantial lead for him, Paul Clemens bore down in the tight spots and held the Legion boys in hand throughout the game.

Alex Mays was the only Legionnaire to solve the offerings of Clemens with much success. Alex garnered three blows in four attempts and scored three runs. Fielding gems by Bohlke and Roberts aided in keeping the score to respectable proportions.

Short Score: R H E
Short Score: R H E
Legion 10 7 3
Lions 16 12 3

Batteries: Legion—Dufur and Bohlke;

Lions—Clemens and Hicks. Umpires: Butts and Warren.

RECREATION PROGRAM ACTIVITIES

The Summer Recreation Program will terminate Friday, August 30. During the last week there will be several changes in the schedule in order to hold special events and to allow maintenance work to be done. On Monday, August 26, there will be swimming at Howden pool, but there will be a swimming meet at the La Playa pool in the afternoon. The swimming meet will start at 2:30 and will have events for all age groups. It is not necessary to sign up for the meet as all entries will be made on the spot. Transportation leaves for La Playa at 1 o'clock.

Evening recreation activities at the high school gym will be secured on August 28 and will remain secured until September 10. The gym floor is being refinished for the opening of school.

The game room at Sunset will

KEEP FIT!

Play Golf in
Pacific Grove

Links

close August 27, but the playground equipment will be available and the playground will be supervised from 1 to 4.

An invitation is extended parents to attend next week's Puppet Show and Story Hour. For an hour of fun and relaxation bring the kids and see the fun they have had this summer.

RAIN-CHECK RESULTS

Mrs. Frances A. Wilkins and Samuel F. B. Morse were the winners of the weekly Rain-Check golf tournament at the Cypress Point Club last Saturday, finishing with a total of 43 points in the point-par contest.

Tied for second place with 42 points were the teams: Charles M. Daniels and John B. Morse; Downey Orrick and George Coleman.

Other players: Mrs. W. Henderson and Harry C. Hunt, 41; R. Winn and Francis N. Shea, 41; Wheeler Farish and C. P. Hoffman, 40; Mrs. George Coleman and

Harrison Godwin, 39; Mrs. H. C. Hunt and Walter E. Egan, 39; Dr. Charles Crocker and James Lowell, 38.

SECOND HALF ADULT LEAGUE STANDINGS

	Won	Lost
High Stars	3	0

Katharine Wiman Brings Out Book Of Light Verse

By GLENN CLAIRMONT

The Carmel Press has recently published a collection of light verse by Katharine Wiman, entitled *Love Is A Funny Present*, and this turns out to be an example of personal integrity which will increase the self-knowledge of every woman who has ever been in love.

Mrs. Wiman writes with an extremely light touch and unique humor, using colloquial language. Her verses are easy to remember and will frequently be repeated in apt situations by women courageous enough to laugh at the intensity of their own emotions. Many of the lines betray not only deep understanding of the human being—even the "beast in you"—but also a surprising capacity for endurance of heartache. The vitriolic sophistication which will delight many is broken now and then by a lyric as gentle as *Bondage*:

I put them away, for ever,
Your curls and the tiny shoe;
Now turning the knife
Is a painful key,
But it takes me back to you.
Not that I hope to re-capture
The patter of little feet;
It's just that I need to
remember
A bondage which once was
sweet.

Mrs. Wiman has spent most of this year remodeling the home she bought at Casanova and Eleventh, in which her talents as an interior decorator have been exercised to the full. At present her daughter, Susan Wiman, a member of the Golden Bough Players group, is visiting her.

Abram Piaskowski

Abram A. Piaskowski, a Carmel resident for the past three years, took his own life early Wednesday morning by hanging. Deputy Coroner T. A. Dorney, who investigated the case, said that despondency over ill health was believed to be the reason for the act.

He was a native of Poland, and came to this country about three-and-one-half years ago. He committed suicide in the garage at the back of his residence at Fourth and North Carmelo.

Surviving is his wife, Mrs. Nacha Piaskowski of Carmel. Dorney's funeral chapel was in charge of the arrangements.

James Dolan

James Dolan, a Carmel resident for several years, died Monday following a lingering illness. He was 70 years of age and was a native of New Jersey. He is survived by a sister, Mrs. M. E. Slight of Camden, New Jersey.

Requiem High Mass was held at Carmel Mission Wednesday morning. The T. A. Dorney funeral chapel was in charge of arrangements.

Carmel Pine Cone:

If the present wave of tree-cutting persists, Carmel stands in a fair way of losing its reputation as a rural haven in surroundings characterized by peaceful beauty and privacy. It was this reputation that attracted me to Carmel over a year ago.

When I bought a place in Carmel Woods, I was given to understand that a condition in the original deed of the Del Monte Properties Company prevented any property owner from cutting trees unless it was necessary for the construction of a house or buildings. A short time ago a lot adjoining mine was purchased and the first thing that happened was that almost all the trees on the lot were cut, including a beautiful live oak tree not more than four or five feet from my line which I had counted on for beauty of outlook and privacy. Now I am told that this provision in the deed of the Del Monte Properties Company no longer holds because it has been violated a number of times with impunity. Perhaps there is logic in that statement, though I must confess that I am unable to understand it. In any case, the whole situation is an unpleasant commentary on the change that is coming over the spirit of Carmel. Is there no way of "holding the line"? —C. Edward Graves.

Dear Mr. Graves:

Alas, No. Unless there is provision in the deed, such as you mentioned, and the property owners insist on its enforcement, there is nothing to be done by law to prevent people from cutting the trees on their own property. Carmel City Council fights a valiant battle to preserve the city-owned trees; the trees on the sidewalks and in the streets—all trees within the city limits that are on private property—but it has no control over what is done on privately owned land.

The Pine Cone, for most of the years of its life, and it is over thirty years old, has waged a campaign of enlightenment in the hope that people would refrain from destroying the very beauty that attracts them here in the first place, but in spite of everything, there are always people in every community who are devoid of taste, community spirit and consideration for their neighbors. These people cut down the trees on their own lots so as to have more sunshine or eliminate the "dirt" created by falling leaves or needles, depending on the trees on their neighbors' lots to maintain the attractiveness and the real estate value

Power Saw Starts Bixby Creek Fire

A power saw which caught fire was responsible for the blaze on Tuesday on the Charles Vander Ploeg property in Bear Trap Canyon, Bixby Creek, according to members of the fire suppression crew from the Forestry Service. The fire spread over about three acres before it was brought under control.

The crew answered another call on Tuesday, when a fire started in the brush up Robinson Canyon on the Rancho San Carlos. About seven acres were covered before the fire was under control. Cause of the blaze is undetermined.

A burning cigarette is believed to have been the cause of the fire which started in the Pebble Beach area near the hill gate on Monday. The blaze covered about one quarter of an acre.

Editorials...

(Continued from Page One)
come to mind, and most of them are answerable, for instance:

Are there other schools of under 500 enrollment that have auditoriums of 1500 capacity, and if so, how do they work for the students, for the community?

What are the best attractions other communities with 1500 seat auditoriums have been able to bring in for one-night stands?

If we knew the answers to these questions I don't think you and I would be arguing, Hal. We would be both on the same side of the fence working like beavers.

So why don't we get the answers for ourselves and for the community? Why don't we form a fact-finding committee and make a survey. If you'll head such a committee, I'd be glad to serve with whom-ever else you think would be helpful. I want an auditorium, too, as big a one as possible, and in the best way. —Wilma Cook.

of the area. They create a bald spot on their own lot so that it stands out in the block like a sore thumb, and then they wonder why they are not received with friendship by the people living around them! Snubbing is the only weapon the neighbors have against such people, and it is being used more and more in Carmel. —W. C.

Mental Hygiene Lecture Series August 27, 28, 29

Announcement of the Mental Hygiene Workshop to be held at Monterey Union High School on August 27, 28, and 29, has caused curiosity and interest among many Peninsula citizens to whom the term "Mental Hygiene" is something new.

Although the Monterey County Chapter of the Mental Hygiene Society of Northern California was organized recently, the movement has been in existence since 1908, at which time Clifford Beers organized the Connecticut Society for Mental Hygiene as a result of his experiences in institutions for the insane, described in his book, "A Mind That Found Itself". A year later the National Committee for Mental Hygiene was formed and the work has been forwarded by them in conjunction with state and local societies. There are now fifteen county chapters in California alone.

Through lectures, discussions, study groups and distribution of its pamphlets and publications, the Mental Hygiene Society provides its members with the most authoritative source of information and direction on facts involving the family and community in child guidance, adult adjustment problems, alcoholism, care and treatment of mental illness, improvement of commitment laws.

Through fact-finding surveys, publicity, action meetings, legislation, the Mental Hygiene Society brings to the community qualified persons such as psychiatrists, social workers, educators and others to teach and direct mental hygiene clinics, social agencies, vocational and other community programs which build mental health.

It cannot be denied that war and subsequent peacetime have greatly increased the need for readjustments in daily living. The difficulty in making these changes has caused problems of maladjustment. These can now be recognized and checked before they run the long course of uncertainty, failure, unemployment, chronic illness, alcoholism or mental breakdown. Preventing maladjustment means working for mental health.

Physical and mental health depend one upon the other and must be guided wisely. By mental health is meant the ability to have an understanding relationship with other people . . . especially with parents and child, teacher, man and wife, with neighbors, on the job and in the community. In short, it is an approach to happy successful functioning within the framework of everyday life, as child, parent, wage earner, and citizen of the community and world.

With the above ideals in mind, the Monterey County Chapter of the Mental Hygiene Society was organized a few months ago. Officers include Eldon J. Covell, Monterey, President; J. C. Kelley, Salinas, Vice-President; Beatrice A. K. Jones, Monterey, Secretary; Marian Todd, Carmel, Treasurer. The

Board of Directors is composed of J. C. Kelley, Helen E. Ward, Doris Woodhouse, all of Salinas; Glen T. Goodwill, Dr. Mast Wolfson, Eldon J. Covell, Eleanor Chamberlain, Thor Krogh, Eleanor Ziel, all of Monterey; Mary Pogge and Mrs. Millard Klein of Carmel, Mrs. Hobart Prince of Pebble Beach, and Mrs. Elizabeth Hill of Pacific Grove.

The Workshop on August 27, 28, and 29, will be conducted by Dr. Lois Meek Stolz, of the University of California. Morning sessions will meet from 10 to 12 at Monterey Union High School. Afternoon discussion groups will meet under the leadership of Lt. Col. Will M. Kidwell, Mrs. F. H. Pogge, and Dr. Eric Berne. The Workshop will conclude with an address at 8:00 p.m. on August 29, at which time Dr. Ernest Witte, chief social worker for the Veterans' Administration, Western Region, will develop and answer the question, Mental Hygiene: What Does It Mean to You?

All Workshop sessions are open to the public.

"Man Who Came To Dinner" Given Smooth, Capable Production Here

By GLENN CLAIRMONTE

The theatre still provides the richest entertainment available to urban folk, to judge from the experience of a packed house last Monday evening, when *The Man Who Came to Dinner* was presented by the Golden Bough Players. This was such an ambitious undertaking for a community the size of Carmel that many had expressed misgivings as to the possibility of gathering together a large enough cast without sacrificing the desired effect. Nevertheless, the production was smooth and capable in every detail, and every juicy line was given full value, every quaint incongruity coming over the footlights convincingly.

Not only as director but also as leading man, Ted Kuster did an amazing piece of work. It has been said that he is "always good Kuster," but in this play he proved to be a good Whitesides as well, and in view of the fact that he had to compete with the creator of the role, whom many of us had seen, and with an expensive moving picture as well, he is all the more to be congratulated on the success with which he perpetrated the part. While making himself odious he was at the same time able to project his charm upon the audience, and even in his perfidy he had the house rooting for him.

Secretary to Whitesides, Maggie Cutler, was enacted by Susan Wiman, recently from New York. Fortunately for us Miss Wiman had taken this role in the east, and besides, she is a gifted young actress. She played with nonchalance and confidence, as though she had forgotten there was such a thing as an audience. The only thin part of her performance lay where she was called upon to declare she was in love, but scepticism on this part may have been caused as much by the tenor of the play (which left no room for sincerity) as by her own superbly carried sophistication.

Patty Redmon, who took the part of the vampire, fairly scintillated, not only with perfection of physical attributes but with talent also. She, it was who had the full,

dramatic opportunity, for all a woman's moods, complete with temperamental accessories, were expected of La Sheldon. Miss Redmond blazoned insincerity even while charming her protagonist, then went blithely vitriolic with an almost suspiciously genuine turn. It was hard to imagine that such a character would refrain from kicking and screaming in the last two minutes, but after all, who is writing this play, anyway?

Even the minor parts were extremely well done, the entrances, exits, telephone calls, door bells and all the general atmosphere of excitement carrying the plot forward without any betrayal that all this meant work. Every member of the cast seemingly was subordinated to the success of the whole. But the audience gave special applause to David Lawton's portrayal of Beverly from Hollywood and parts tropical, and, in fact, his finished performance contributed vigor to the act in which he appeared. Mr. Lawton is a member of the cast for the next DeMille picture and was here merely on a visit, but he obliged by learning the part over night.

The play is really charming as a glimpse into the jungle where each ruthless thrust wins friends and enemies, where every underdog is a challenge to those who live (oh, how well they live) on their wits. One can visualize this play fascinating even later generations, when the names of the "great and near-great" will have to be changed to coincide with the news of the day but when human passions will not, alas! have changed.

Anyway, don't miss Kuster's production of this amusing comedy.

Dougherty, Mrs. Low Speakers At Meeting Of Democratic Club

The plans of the newly elected Monterey County Democratic Central Committee were discussed by Mr. J. F. Dougherty, Chairman of the Committee, at a meeting of the Carmel Women's Democratic Club last Friday.

Dougherty announced that on September 12, James Roosevelt, Chairman of the Democratic State Central Committee, will visit Monterey, accompanying the election candidates on a caravan tour of the state.

"The Democratic Party is the party of security," Mr. Dougherty said. "As long as its policies are carried out the country will be insured against the depression which was the aftermath of the last war when the Republicans took over."

The qualifications of John F. Shelley, candidate for the office of Lieutenant Governor, were pointed out by Mrs. Paul Low. As a poor boy, Shelley educated himself and became a successful attorney before he was elected to the State Assembly in 1936. After serving in the Assembly for one term, Mr. Shelley was elected to the State Senate where he has served up to the present time. His knowledge of

Last Chance For Rose Of Rancho This Week End

Rose of the Rancho, Gold Coast production at the First Theatre, Monterey, has but two more performances, this Friday and Saturday evening, August 23, 24. This exciting drama of the 50's in old Monterey and San Juan has been "packing them in" since late June.

Pinafore, directed by Robert Bates, opens on Thursday evening of next week at the First Theatre, to run through the week end, and on Saturday and Sunday nights through September, October and early November.

The cast includes Dick Case as the Rt. Hon. Sir Joseph Porter; Holt Wood as Captain Corcoran; Robert Jensen as Ralph Rackstraw; Jimmie Di Napoli as Dick Deadeye; Dean Wilkinson as the Boatswain; Joy Wilkinson as Josephine, the Captain's daughter; Betty Bass as Buttercup; Sally Drachenfels as Hebe; Charlotte Klausner, Bonnie Fish, Eleanor Kappes, Lillian Duart, Dorothy Ingersoll, George Little, Harold Golden as members of the chorus.

An olio, in accordance with the First Theatre, will follow the show. Settings are by Maxine Albrow, costumes by Rhoda Johnson.

Dr. W. C. Adams

Dr. Walter C. Adams, who made his home at Pebble Beach for the past four years, died Sunday in Honolulu of a heart attack. Dr. and Mrs. Adams had flown to the Islands in June to visit their daughter, Mrs. Paul Leebrick, Jr., and he passed away at her home there.

Dr. Adams practiced for many years in Oakland and came to Pebble Beach to live upon his retirement. He had many friends on the Peninsula.

Surviving are his wife, Mrs. Emmy Lou Adams; his daughter, Mrs. Leebrick, and two sons, Walter C. Adams, Jr., a medical student at the University of St. Louis, and Don, of Pebble Beach.

Funeral services were held in Honolulu.

legislative procedure particularly fits him for the important office of Lieutenant Governor, Mrs. Low said. The most important legislation which he introduced is the disability and workmen's compensation, which is known as the Shelley Act.

Latest Hybrids Displayed At Highly Successful Fuchsia Show

The members of the American Fuchsia Society, Monterey Peninsula Branch, are rejoicing this week in the success of their Fuchsia Festival held Saturday afternoon and evening and Sunday afternoon, August 17 and 18 in the Girl Scout House, a friendly center that lends itself admirably for floral display.

A glimpse through the doorway invited Fuchsia admirers in to a bower of hanging baskets, standard and pedestal types, placed in soft, trailing moss. The first attraction was the display of Mr. Gus Niederholzer of San Francisco, who came to Carmel to attend the Festival. He is the leading Fuchsia hybridizer, as he has developed over 300 varieties since his first Fuchsia, Sunset, appeared about ten years ago. His wizardry was demonstrated in the wealth of blossoms of his latest productions, which he brought from his San Francisco gardens.

Honoring Mrs. Lawrence Lyon, President of the Monterey Peninsula Branch of the American Fuchsia Society for her years of devotion to Fuchsia culture and the advancement of the American Fuchsia Society, Mr. Niederholzer has named one of his latest and most beautiful Fuchsias, Diawillis, her first name. It is a pale pink, semi-double blossom, and is being produced for 1947.

In the main assembly room many large, showy basket plants were suspended from the rafters. Standards and potted fuchsias were placed on the floor and on low

tables, several espalier types, showing how these versatile flowers can be trained to suit garden requirements.

The arrangements of cut fuchsias were especially noteworthy. In one corner was Mrs. C. E. Casey's group of pink trailing Wisteria, cascading down and revealing a white porcelain Chinese lady on a carved teakwood taboret, against the pale blue background. In the opposite corner were Mrs. Douglas MacGregor's Oriental arrangements in unique containers, combining fuchsia blossoms with woody branches and bits of foliage from trees and shrubs that grow near each type of fuchsia.

Individual arrangements shown on several tables gave new ideas for using the cut fuchsias, from the miniature varieties to the mammoth double fuchsias. One especially choice Torpelleur, two blossoms in an inverted crystal ball, magnified, showed the amazing formation of these wonder flowers.

A popular section of the show was the plant sales room, where a substantial fund was realized from the sale of choice small fuchsia plants donated by members and friends of the Fuchsia Society as well as by the local fuchsia growers, Mr. and Mrs. Raymond Hodges, Mr. and Mrs. Hazzard and Pine View Nursery, Mr. and Mrs. Bishop. Others who contributed to the success of the Festival by their generous contributions of plants and arrangements for display, and their valued time and assistance in the work of preparation and materials, were: Mr. Bill Askew of the Carmel City street department, Mrs. C. E. Balzarini, Mr. and Mrs. E. M. Beecher, Miss Edith Braly, Mrs. C. E. Casey, Mr. and Mrs. Floyd Dillon, Mrs. Clyde Dorsey, Mr. and Mrs. Norman Gonzales, Mr. and Mrs. Arnold Grimshaw, Miss Hanssen, Mr. Hanssen, Mrs. Hughes, Miss Flora Hartwell, Mr. and Mrs. E. J. Ingle, Mrs. J. M. Klenke, Mrs. Lawrence Lyon, Mr. and Mrs. Douglas MacGregor, Mrs. Fred Myler, Mrs. Robert Newby, Mrs. D. E. Nixon, Mrs. Barbara Norberg, Mrs. Harry Rogers, Miss Pencilla Smith, Mrs. Rachel Sholer, Mrs. Lyle Stoney, Mrs. Laura Stoney, Mrs. Maurice Stoney, Mr. and Mrs. Fred Strong, and Mrs. Morris K. Wild. —J. M. K.

500 To Make Pilgrimage From San Francisco To Fra. Serra's Grave; Ceremonies At Mission

On Sunday, August 25, in honor of the 162nd anniversary of the death of Padre Junipero Serra, there will be a pilgrimage from the San Francisco Bay region of 500 members of the Third Order of St. Francis (a lay Order) to offer prayers at this tomb in Carmel Mission for the canonization of this venerable founder of the California Missions.

Solemn High Mass will be offered at Carmel Mission at 12 o'clock and Reverend Brendan Mitchell, O.F.M., director of the pilgrimage, will be celebrant of the Mass, assisted by the Franciscan Fathers who will accompany the pilgrimage. The Carmel Mission Choir, under the direction of Noel Sullivan, will sing the High Mass.

After Mass, there will be a picnic lunch at the Mission Ranch Inn. Through the courtesy of the management, the banquet hall has been offered to the pilgrims and free coffee will be served to the members of the Third Order.

After lunch, the pilgrims will march in a religious procession to the Mission chanting the Litany of Loretto for the intention of the pilgrimage. A wreath from the Third Order will be placed on the tomb of Father Serra.

A memorial service will be conducted at the tomb of Father Serra by the Very Reverend Gregory Wooler, O.F.M., Provincial of the Franciscans of the Pacific Coast.

Colonic Irrigations and Physio-Therapy

Phone 4567 for appointment
201 Professional Bldg.
Monterey

Father Eric O'Brien, O.F.M. of the Mission of Santa Barbara, who was appointed by the Holy See as Vice-Postulator of the Serra Cause for Canonization, will preach a sermon which will cover his travels through the Sierra Gorda country of Mexico in search of Serra lore and his visit to several old Mission churches built by Father Serra where the simple, devout mountain people have kept alive the memory of Padre Serra through the years. He will tell of his research and that of Father Maynard Geiger, O.F.M. in the archives of Mexico on behalf of the Cause of Father Serra and their discovery of much new material. In the near future their collection of material, writings and letters, will be published in an English translation by Father Maxim Piet, O.F.M. Father O'Brien and Father Geiger are leaving soon for Spain and other European countries where they will continue their research for Serra material.

Word has been received by Father O'Brien that the people of Palma, Majorca, Fray Serra's homeland, have recently conducted a pilgrimage to his birthplace similar to the pilgrimage the Third Order is making to Carmel Mission. Thus, as the pilgrims of the old world prayed at the birthplace of this brave Franciscan Missioner, the pilgrims of the new world pray at his tomb for the Canonization of this great Apostle of the Californians.

The most Reverend Valentine Schaaf, O.F.M., Minister General of the Franciscan Order, the office first held by St. Francis of Assisi as Superior of the entire Franciscan Order, who is now in the United States and who will be on the West Coast, has been invited to participate in this pilgrimage to honor one of the greatest sons of St. Francis.

A Sacred Concert will be given by the Carmel Mission Choir, under the direction of Noel Sullivan, at 8 o'clock in Carmel Mission.

Music, Creator of World Peace

The V-J Day Memorial Festival of Music at the University of Washington Stadium Sunday, August 11, was the stimulus for the following contribution from a Carmel resident who is vacationing in Seattle.

By GRACE HOWDEN

Since music is acknowledged to be a universal language, it can also be a universal religion, or the Key to World Peace.

If there is one small thing—material or spiritual—upon which every civilized country of the world can agree, then, unquestionably, many more ideas and ideals can be found for common ground on which to build mutual understanding and brotherly love.

The Golden Rule, for instance, cannot be claimed as the basis for Christianity, exclusively. Other religions, too, observe this rule. In music we have already established that one universally accepted idea.

Those who have heard the Don Cossack Russian Chorus and watched the conductor give the singers their "pitch"—or those of us who have watched a piano being tuned to 440 have heard that "Universal Pitch" which ten years ago was agreed on by every civilized country in the world.

"The sounds of the earth are like music".

Why can't we all start singing a Universal Song of Peace in one harmonious key—the Key to World Peace!

Bison, elk, sheep, deer and moose thrive in the ample ranges provided for them in the Golden Gate Park at San Francisco.

A STANDARD OF CALIFORNIA PRODUCT

Days Before Yesterday

BY WILMA COOK

Carmel old timers must be suffering from an attack of Autumn Fever (Carmel substitute for Spring Fever), when he sun bursts through the summer blanket of fog, the air warms, the genista seeds on the bushes all over town start popping out of their hard pods with sharp little explosions. Ah Autumn!

Whatever the cause, there has been a slowing down of activity on the part of old timers in furnishing material for the Days Before Yesterday Column, which is their special responsibility. Last week the situation became so acute that Beth Ingels, who is an old timer but also a member of the Pine Cone staff, and as such should be exempt, was drafted to fill the column. And this week finds Wilma Cook jumping into the breach. There are so many other breaches for Wilma Cook to jump into in the course of the week that it is a cruel fate indeed when Days Before Yesterday also falls to her lot.

Anybody who knows any anecdotes or bit of Carmelana of yesteryear is invited to write 600 words or more, but not less—we have to fill the column—and send them to Box G-1, thereby becoming a C. B. and F. C. C. (Civic Benefactor and First Citizen of Carmel) in the estimation of the editor of this paper.

What was Carmel doing in August, way back when, in 1923, say? It was collecting funds for the "Soldier Fountain", that work of art that heads the parkway at the intersection of San Carlos and Ocean. So far \$476.46 had been collected; a thousand was the total thought necessary, and Editor William Overstreet was co-operating with typical Pine Cone enthusiasm. (We haven't gone into the matter sufficiently to discover if that fountain was a Pine Cone idea in the first place. We're afraid to.)

"Heavens to Betsy! Why fool around with it any longer? Let's all come through now big and strong and put her over the top in one grand and glorious effort," Bill wrote. "We need only about \$350 more. It doesn't make a particle of difference whether seven capitalists give \$50 apiece, or 350 of the proletariat each contribute one simoleon. All we want is the three-fifty."

"Tonight the Pine Cone force, together with some of the overseas boys, are staging a dance at La Playa. Mrs. A. D. Signor is, as usual, donating the dance floor, and there is no better music in the land than Moffit's orchestra. If you can't be a capitalist, come on with the rest of us and be a dollar guy. Below, is a revised statement of the receipts and disbursements of the committee at the time the Pine Cone started its campaign."

Oh, Gee, it was a Pine Cone undertaking!

Well—. What's wrong with the monument? When you consider all the community spirit, good fellowship, and sincere appreciation on the part of the town for its World War I veterans, that went into that creation, it doesn't look bad at all. As a matter of fact, when I think of the Pine Cone force putting on a dance and Bill Overstreet writing his fingers to the bone to raise the money for it, I think it's beautiful.

I can't say the same for the art on page four and five of the same issue of the Pine Cone. There is a double page spread devoted to Carmel's Woodland Theatre, Inception, Growth and Future! Among other things is a picture of Herbert Heron wearing high boots, puffy pants, a double-breasted coat, flowing tie, equally flowing locks and an expression of poetic ecstasy with which I could blackmail him by threatening to publish a reprint. But I wouldn't think of doing such a thing, although Bert Heron certainly could do a nice piece for the Days Before Yesterday Column if he had a mind to.

Somebody had better get busy! Because I'm beginning to like this rummaging through the files, and there's no telling what I'll turn up.

AUBADE

*On the buff velvet of these western hills
The little mounds melt softly, curve to curve,
Like a loved woman's breasts.
Their kissing creases dew with verdure fills—
Lingering and exquisite tints, that serve
To soothe the sun that rests
Fleetingly thereon
And calls the shadow of a cloud
To bear his tawny mistress gift of rain.*

*A lover sweetly spent,
He bows his princely head, mist-wreathed and proud,
A moment on her bosom lain;
Then to his firmament
Royally is gone.*

—MIRIAM ALLEN DEFORD

THE SEARCH

*Keats has looked beneath each Grecian syllable
To find the lost Pericles—
Scanned the earth for old Hellenic graces.
If he could breathe Athenian words into a mad-jargoned
World, and bring a renaissance of Grecian ways;
If Plato, Aristotle, Sophocles might speak again
And recreate the classic attitudes—
If Pausanias might carve new marble lives,
Watch for the up-leap of a satyr, or,
A nymph lending ivory to a secret stream, fern-quiet.*

—ORIAN DEPLEDGE.

SUMMER SORCERY

*I lie on an island
Made of high wind music,
Washed in the fragrance of flowers.
My heart is the surf-beat
Marking time in a change
Of color and sound.*

—DION O'DONNOL.

SUMMER CALM

*The heat drops in sheets and the valley
Slumbers, as if under
A potent drug . . .
The angry sky, pale-blue
Brazenly alights
Nook and leafy corner
Where timid birds
Dwell in privacy . . .*

*No cloud ventures forth:
The firmament reaches
Our naked hills, steaming
As newly baked loaves.
Earth and horizon blend
Into uncertain one.*

*The boughs relax; a thousand green leaves
Look down, and secretly wish
For Autumn's cold embrace,—
Sure harbinger of sleep
And final liberation.*

*The dusty road
Connecting farm to farm
Remains deserted.
Only a boy
Riding a bike and whistling
Dares disturb
The slumber of this hour.*

—ALFRED LEWIS.

Hayes, Great Artist . . .

BY RACHEL MORTON

There is a kind of applause that is noisy and rollicking; and there is the kind of applause that just sits at the feet of the master. This latter type was the tribute paid to Roland Hayes, tenor, after some of his singing in the Sunset auditorium last Saturday night. It is a great pity this superb concert was not heard before the Bach Festival, because such a consummate artist as Roland Hayes simply cannot pick up and let down three short songs late in a program, as was the case in the Bach Festival, and give any remote idea of the greatness of his art. But we who were privileged to hear his magnificent recital Saturday found the artist at the height of his powers.

It was thrilling to me to see how the music lovers of Carmel really grasped and appreciated the superior art that is Roland Hayes'. For his is the art for the artists; his, a vocal control known only by the great. And yet, so from-the-heart is his singing that the most humble who listens may understand and enjoy.

There is no finer pianissimo singing to be heard than that ultra-fine line used by Roland Hayes, and pianissimo singing is difficult, believe me!

His diction is clear and clean, and of his interpretations, I will say that had he not been a singer, he would have been a great actor.

The great achievement of the evening was the singing of the two Schubert songs, Erster Verlust and Die Taubenpost. The grandeur of the first mentioned song and Mr. Hayes' moving rendering of it left my throat dry and my eyes wet. The combination of Elizabeth Alexander's lilting, syncopated accompaniment and Roland Hayes' spirited singing of Die Taubenpost made an experience in music hearing not to be forgotten.

L'Ombre Des Arbes was Debussy himself. Only the French know those subtle lights and shades, and only an artist like our tenor could reveal them to us.

If I felt there were too many words in the Dance Macabre, it gave a splendid opportunity to Elizabeth Alexander, who played it magnificently. How fortunate we are to have a great musician among us! As an encore, we had an absolutely perfect performance of Du bist die Ruh by Schubert.

Langston Hughes has written many of his poems in Carmel. His Mother to Son set to music by Parham is a terrific son. It is drama, and often, spoken drama. Roland Hayes gave it an intensity worthy of the words.

The contrasts between the Brazilian African chant; the Creole song, Mr. Banjo and the Negro American Religious Folk Songs were most interesting. The Brazilian chant had music of the primal Tom-Tom rhythms and was stirring; the creole song was soft, though strongly accented, but it is in the American Negro Spirituals where Mr. Hayes soars high above his fellow Negro artists.

In the song By and By as he "laid down his heavy load" one almost had a foretaste of heaven. Christ in the Temple was a spiritual as well as an emotional experience. The last encore, without accompaniment, was Steal Away. So quietly, so reverently was it sung that one felt like tip-toeing away.

Of this artist, Jacques Jolas says: "Perhaps as in the early twenties when European audiences in their rapt attention to his singing of the Crucifixus found solace from war and chaos, so now this man and artist in the twilight of his career has the gift to hint the road to salvation. This gift one senses as of profound human sympathies, where neither hate nor malice find room, coupled with clarity, with continuity of the true idealist."

Charles Childers Is Installed As Legion Commander

At the regular monthly meeting of the American Legion Post No. 512, Carmel, held in the Legion Hall the first Monday in August, Charles M. Childers was installed as Commander. Commander Childers' name is a familiar one to most of the residents of Carmel, as he is a City Councilman.

Edgar C. Leslie was installed as 1st Vice Commander; Svend N. Anderson, 2nd Vice Commander, Speirs Ruskell, Adjutant, Ernest F. Morehouse, Finance Officer, Dr.

Frank P. Topping, Chaplain; Col. William R. Henry, Historian; Woffard Dufur, Sgt. At Arms.

The Installation Team was headed by Sid Brannaman, District Commander, Palo Alto. Others on the Installation Team and visitors from other posts were: Commander Elect of the 13th District, Gene Sturdevant, Salinas; 2nd Vice, Roy McKinney; Past Commander of Post No. 31, Salinas, Bill Dodd; O. B. Averitt, Chaplain, San Jose; Jack Kutler, Sgt.-At-Arms, from Watsonville Post No. 121, Adjutant, Bill Irvine, Monterey Post No. 41, Finance Officer, Don Ruovich; Past Commander of Post No. 41 Monterey, Jack Gleason; Hist-

orian E. Vincent; and one whose face and name are familiar to most veterans in this vicinity, Harold Wildman, County Service Officer.

Commander Childers announced the following had been appointed to the Executive Committee: George W. Knapp, Retiring Commander, Ernest Schweninger, Adolf C. LaFrenz, Lee Gottfried and Corum Jackson.

Other Committees were announced as follows:

Membership: Leslie, Chairman, and Dufur, Bauman and Cooke; Americanism: Leslie, Chairman, and Dawson; Entertainment, Gottfried, Chairman, Leslie, Knapp and Clay; Civilian Defense: Smiley,

Chairman and Johnson; National Defense: Col. Henry, Chairman and Wm. Adams; Disaster Relief: Dr. Topping, Chairman, and Dr. Stofer; Sick Call and Relief: Dr. Stofer, Chairman and Earl Jukes; Traffic and Safety: Dufur, Chairman, Hays and Huntington;

Fire Prevention: Wiemen, Chairman, Mylar and Rice; Publicity: Everil H. Kludt, Keller and Bauman; House and Games: Knapp, Chairman, LaFrenz, Rasmussen, and Gottfried; Boy Scouts: Cecil Haskell, Chairman and Haskell Warren; Sea Scouts: Johnson, Chairman, Col. Hay and Leo Harris; Law and Order, Haye, Chairman, Dufur and Huntington; Fin-

ance: Ewig, Chairman, Berkey and Morehouse; House: Anderson, Chairman, Chandler, Ewig and Wieman; Service Officer: Knapp;

Legion Club Management: Schweninger, Chairman, Morehouse, Knapp and LaFrenz; Veterans Aid Committee: Col. Hay, Chairman and Col. Smiley; Real Estate: Corum Jackson; Building Trades: Norman Winslow; Discharge and Medicals: Dr. Stofer; Pay, Allowance and Insurance: Col. May.

There were thirty-two new members taken in at this meeting.

On Jan. 26, 1922, at 10:30 p.m., a lunar rainbow, with its tip resting on Carmel Point, was observed by several Carmel residents.

The sweetest Blossoms draw the most Bees

IF you're inclined to fret because the good news hasn't come that your Buick's ready, just remember this:

The best is never easiest to get. And top-notch goods always pull the biggest buy-lines.

So it isn't just parts and material shortages that keep our waiting list long, though they have plenty to do with it.

It is also the plain fact that Buick stands today as the most wanted car in America.

It's wanted for style that puts you right out in front of the motorcar fashion parade.

It's wanted for the abundant power of big Fireball straight-eight engines, built to precision standards not even Buick ever achieved before.

It's wanted for the matchless comfort of Buicoil springing, three-person seats,

Foamtex-covered cushions — and for the good, husky, time-defying bulk that means a car that's good for years.

It's wanted because it's a car that is solid Buick character all the way through — a standout performer that's right to the last fine detail and complete in every way when you get it.

Fact is — every new Buick delivered seems to bring in more orders.

Demand is actually growing — not just because new cars are needed, but because this Buick is so far, far ahead of what people expected.

So it's smart to act quickly. We can't deliver cars faster than the factory can make them — but the sooner your name's on our order sheet, the shorter your wait will be.

What Other Car Has So Much That Clicks For Forty-Six!

SMARTNESS — that sets the style pattern with car-length Airfoil fenders and bolt-on rear wheel shields.

POWER — from a Buick Fireball valve-in-head straight-eight engine.

OIL SAVINGS — from non-scuffing Accurite cylinder bores.

FLASHING ACTION — of Filteweight pistons.

STEADINESS — from full-length torque-tube drive in a sealed chassis.

GLIDING RIDE — from Panthergait all-coil springing.

COMFORT — of soft Foamtex cushions in roomy Body by Fisher.

SURE FOOTING — of Broadrim wheels.

CONTROL — through Permi-firm steering.

CONVENIENCE — of high-leverage StepOn parking brake.

PROTECTION — of Buick-originated fender-shielding front and rear bumpers.

CHRISTIAN SCIENCE CHURCH

"Mind" is the subject of the Christian Science Lesson-Sermon for Sunday, August 25, with the Golden Text from Isaiah: "The Lord of hosts hath sworn, saying, Surely as I have thought, so shall it come to pass; and as I have purposed, so shall it stand" (14:24). Included in the sermon are these citations:

Isaiah 40:28: "Hast thou not known? hast thou not heard, that the everlasting God, the Lord, the Creator of the ends of the earth, fainteth not, neither is weary? there is no searching of his understanding."

"Science and Health with Key to the Scriptures" by Mary Baker Eddy: "If Mind was first chronologically, is first potentially, and must be first eternally, then give to Mind the glory, honor, dominion, and power everlastingly due its holy name" (p. 143).

CHURCH OF THE WAYFARER

Dr. James E. Crowther will be back in his pulpit at the Church of the Wayfarer next Sunday. The sermon theme will be, "The Unknown Christ," based on the text, "He was in the world, and the world knew Him not." The Church School begins at 9:45. The Adult Bible Class, taught by Prof. Charles E. Corbin, is at 10:00. The Church Service is at 11:00. Visitors are cordially invited.

MISSION SAN CARLOS

Masses: Week days 7:30 a.m.; Sundays, 8:00, 9:30, 11:00 a.m.

The Pine Cone of Feb. 1921, records the fact "Roger D. Lapham, businessman of San Francisco, who is one of the best golfers in the state, has purchased a homesite in Del Monte Forest overlooking the golf course. He intends to build a forest lodge and spend much of his time there."

St. John's Chapel Del Monte

The Rev. Theodore Bell
 Chaplain

St. John's Chapel is a beautiful little church nestling in a grove of giant oak trees. Men and women from many lands have found it to be a place apart. It may be that you also will find its atmosphere congenial to the spiritual life. The Chapel is open all day long. Those who seek in its stillness to grow more conscious of God's presence do not go unrewarded.

Sunday services at eight and eleven a.m. The Chapel is close to Hotel Del Monte.

NEW BOOKS...

THERE WERE TWO PIRATES

By James Branch Cabell

In his new novel of the legendary figure which haunts the streets of St. Augustine, Florida, James Branch Cabell shows again the satirical genius, the understanding of human foibles, the light touch that has made him a bright figure in the classical literature of America.

—3.00

AN HONORABLE TITAN: The life story of Adolph S. Ochs

By Gerald W. Johnson

This is the story of an era, a man, and a newspaper—the New York Times—but it is also a typical American success story, and the newspaper carrier boy who rose to be the associate of princes and potentates, himself far more powerful than most hereditary rulers.

—3.50

CHLOE MARR

By A. A. Milne

A portrait of gay, young woman in a year between the wars, done from the outside, so that the reader must form his own judgment of her: as do her friends in this book, and all of us each other in real life.

—2.75

IRON OUT OF CALVARY

By Walter Phelps Hall

Here in a single compact and readable volume is the full military, political, and social history of World War II.

To Attend Convention

Delegates from the Carmel American Legion Auxiliary, who plan to attend the state convention this week end at Sacramento will be: Mrs. Gladys Johnston, Mrs. Everill Kludt and Mrs. Ann Knox.

Carmel Mission Ceremony

At a candle light service held on August 14 at the Carmel Mission, Rosemary Powell became the bride of Dudley A. Robnett. The Reverend Michael O'Connell officiated at the double ring ceremony.

Rosemary is the daughter of Mrs. Powell and the late Brigadier General William D. Powell. The groom's parents are Dr. and Mrs. Dudley A. Robnett of Columbia, Mo.

The bride, given in marriage by Colonel George Townsend, wore a hoop skirt gown of ivory satin. Her finger-tip veil was lent to her by Mrs. Joseph G. Stilwell and had been in Mrs. Stilwell's family for several generations. Her bouquet was a white orchid surrounded by bouvardia.

The bride's sister, Betty Powell, was her maid of honor. She was gowned in chartreuse faille. Miss Powell carried a sheaf of pink roses. Bridesmaids were: Mary Len Cerney of Pacific Grove, Peggy Robnett (the bridegroom's cousin) of Columbia, Mo., and Mrs. William McCollister (Mary Jean Matthews) of Lovelock, Nevada. Their identical gowns were of magenta faille, and they carried bouquets of pink carnations and stock. The same flowers covered their faille coronets.

The groom's father, Dr. Robnett, served his son as best man. A cousin of the groom, Dr. George Spence served, along with Toland Doud, and William McCollister, as usher.

Mrs. Powell wore an afternoon dress of electric blue tulle and figured top, with matching hat. She carried white tuberous begonias. Mrs. Robnett was beautifully gowned in sequin trimmed gold faille with matching hat. Her flowers were a golden shade of tuberous begonias.

After the ceremony about 100 guests gathered at the Powell home for the reception and buffet supper.

After their honeymoon, which takes them north to Banff, Lake Louise, and Jasper, the newlyweds will go to Maryland. Dudley will complete his medical training and take his first year of internship at John Hopkins.

Pastor Returns

Following a brief sojourn in Southern California, Dr. James E. Crowther is back in Carmel, and will occupy his pulpit at the Church of the Wayfarer next Sunday, Aug. 25. The sermon theme will be, The Unknown Christ. Visitors are cordially invited to share in this inspirational service of worship.

Attend Demo Meeting

Mrs. Paul Low is in San Francisco this week attending the policy meeting of the Democratic Central Committees of the Northern California counties, which is being held at the Palace Hotel.

Visiting Nephew

Mrs. Celia Taylor is here from San Francisco to spend a few weeks at the home of her nephew, Mr. Robert Leath. Her many friends here on the Peninsula are enjoying seeing her again.

Vacation In South

Miss Beverly Douglas, who is employed in the Bank of Carmel, spent her vacation visiting her aunt and uncle, Sgt. and Mrs. Albert Coffey, in their home in San Diego. Beverly is the daughter of Mr. and Mrs. Elmer Douglas.

Back With Trout

Bobbie and Ed Cochrane are back in town after two weeks in Idaho at the Pittsburgh Club on Henry's Lake, where they enjoyed excellent fishing. On the return trip they visited Yellowstone and Jackson Hole.

Exhibit At Fuller's

One of Carmel's camera artists, Johan Hagemeyer, is at present sharing a two-man show with Louis Siegrist. The show opened last Monday at Fenner Fuller's in Oakland. Mr. Hagemeyer is represented in the show, which will last for a month, by a group of pictures taken in and around Virginia City.

Mr. Hagemeyer is temporarily living in San Francisco. For the present Julian P. Graham, Del Monte photographer is occupying his studio.

Married In East

Word has been received that Tiley L. Ford, Carmel, and Helen Morison Gales of Locust Valley, N. Y., were married in New York City on August 15.

Mr. Ford is an executive of the Pacific Aircraft Company of San Francisco. He is at present in Washington, D.C., doing special work for the Sea-Air Commission of the National Federation of American Shipping.

Married Last Sunday

Last Sunday afternoon at 4 o'clock Frances Camille Passallague and Rene E. Maysonaze were united in marriage by Reverend McDonald. Noel Sullivan played the organ and Mrs. Gladys Gidds sang Ave Maria.

Mrs. Maysonaze is the daughter of Mr. and Mrs. C. F. Passallague of San Jose. They formerly lived in Carmel. The groom's parents are Mr. and Mrs. Peter Maysonaze of Oakland.

Mr. Passallague gave his daughter in marriage. She was gowned in an exquisite heirloom dress of ivory satin, which was made in Paris in 1881. Victorian neckline with elbow length sleeves and a bustle with a small train, and dust ruffles. Her heirloom lace veil was crowned by seed pearls. Her bridal flowers were an old fashioned bouquet of white begonias and white bouvardia. The bride wore a diamond lavalier given to her by her mother.

Miss June Quinn was the bride's only attendant. Her dress was made of white dotted swiss in three tiers with a square neckline and puffed sleeves. Gardenias, pink and white bouvardia and powder blue delphiniums fashioned her old fashioned bouquet. The same combination of flowers formed her Juliette cap.

Al Maysonaze served his brother as best man. Ushers were Peter Battler and Emil Passallague, the bride's brother.

Mrs. Passallague wore a grey afternoon dress with navy blue accessories. Her corsage was pink roses. Mrs. Maysonaze's suit was becomingly complimented with black accessories and a corsage of red roses.

Following the ceremony the reception was held at the home of Mrs. Edith Quinn.

Tony Lawrence Pauses

Carmel friends of Tony Lawrence had a hasty glimpse of him last week. Tony, enroute to Los Angeles from San Francisco, spent two days in Carmel visiting with old friends. With him was his business associate Richard Fraser. While here Tony was host to several of his friends at a dinner party at Sades.

Tony and Mr. Fraser own and operate Cinepar Productions. They were in San Francisco making a film about San Francisco's cable cars.

John Hobart in a review said, "Something unusual in the way of a documentary film — and in some respects even revolutionary is now being made right here in San Francisco."

The film which is to be called "Round the Corner—Hold On!" is a comprehensive study of this unique manner of transportation. The three lines, Powell, Hyde-Jones, and the California-O'Farrell are used in the film, which is in color.

It will be shown by major studios and in schools in line with the educational technique of visual instruction.

Mr. Fraser along with being associated with Mr. Lawrence is also an actor, having appeared in such movies as "How Green Was My Valley" and "Picture of Dorian Grey."

Carmelites Meet In Seattle

A note from Grace Howden tells us that she is having a wonderful time in Seattle. Besides enjoying the scenic beauty of the Northwest she also attended the Music Festival there.

Margaret Lea who is attending the Summer Session at the University of Washington and Mrs. Howden went to hear Oklahoma together.

Follow The Team

Wives who drove to Stockton to see their husbands play in last Monday's game (we won't mention the score) were: Mrs. Bud Butts, Mrs. Jack Giles, Mrs. Jimmie Kelsey, Mrs. James R. Belvill, Mrs. Harold Studévant, Mrs. Ky Miyamoto, Mrs. Gene Ricketts, Mrs. Kelly Taylor, and Mrs. Joe Nicholson.

Also in the party were Mike Mosolf and Mike Ricketts.

Here From L. A.

Miss Zelma Hawkins is spending several days here with her cousin Mrs. Johnnie Henderson while Mr. Henderson is visiting his family in Oklahoma. Miss Hawkins makes her home in Los Angeles.

Last Saturday night she was the guest of honor at a barbecue given by Mrs. Henderson. After dinner there was musical entertainment for the guests and also a Spanish dancer who performed several of her native dances.

Family Reunion

Miss Shirley Lewis left today to spend the weekend in Pasadena at the home of her parents, Mr. and Mrs. Myron P. Lewis.

There will be quite a family reunion, as also visiting the Lewis home will be Shirley's aunt and uncle, Mr. and Mrs. A. G. Albrecht of Flint, Michigan; her cousin, Mrs. S. E. Betz (Marjorie Albrecht) and her husband, Mr. S. E. Betz and their three children from San Gabriel. Mr. and Mrs. Myron P. Lewis, Jr. of Tucson, Arizona. Mrs. Lewis, before her marriage, was Jane Allen of Hollywood.

Back From San Francisco

Richard Egan, who has been spending the past two weeks in the Bay Area, returned home today. While on his vacation Richard visited his grandmother, Mrs. L. M. Welsh, and also his father, Dr. Albert R. Egan.

His mother, Mrs. Grace Egan, spent a few days in San Francisco before accompanying him home.

Visiting Here From New York

Mrs. Ayres Houghtelling (Vera Hunter) of Scarsdale is spending the summer with her mother, Mrs. Wesley Hunter. With her are her children, Randolph, Abown, and Joan.

Dorey-Benedict Wedding

At noon last Saturday Ruth Dorey became the bride of Phillip R. Benedict of Salinas.

The new Mrs. Benedict is the daughter of Mr. and Mrs. James F. Dorey of Brockton, Mass., and the sister of Robert Dorey of Carmel. Mr. Benedict's parents are Mr. and Mrs. Lyle Benedict of San Marina.

The informal wedding took place at the home of Judge Ross with only members of the family present. Standing up with the couple was Mr. and Mrs. Robert Leach of San Francisco.

The bride wore a turquoise blue street dress with white accessories. Her corsage was of white orchids. Mrs. Leach was dressed in a summer print, her accessories black, and her corsage gardenias.

After the ceremony the bridal luncheon was held at the Normandy Inn. Present besides the bridal party were Mr. and Mrs. Lyle Benedict and Mr. and Mrs. Robert Dorey.

After a honeymoon in Santa Barbara Mr. and Mrs. Benedict will make their home in Carmel.

Annual Picnic

The annual picnic of the Monterey Chapter of B.P.W.C. will be held this Sunday, August 25. The picnic will be at one o'clock at Kitty Ragsdale's home in Carmel Valley. Directions are: Kitty's home is just across from Rosies Cracker Barrel, bring your own knives and forks. For reservations call Vivian Kernonhan, chairman, in Carmel.

For those not having transportation, a bus leaves at noon from Sixth and Dolores in Carmel.

Settling Here

Mr. and Mrs. Kenneth Gookin, formerly of San Francisco, have moved to Carmel and are going to make their home here.

Mr. Gookin is taking over the supervision of the radio service for Gledhill's Radio and Appliance Shop.

Dinner Hosts

Dr. and Mrs. Charles Crocker were hosts last Friday night at a dinner party for about fifty of the younger people.

The party given at the Racquet Club was in honor of Mrs. Crocker's step-daughter, Marianne Crocker, and Mrs. Crocker's nephew, James Russell Lowell.

Both Marianne and James, whose homes are in New York, are spending the summer with Dr. and Mrs. Crocker.

Vacation At Big Sur

Mr. and Mrs. Jay Huffman and family have returned to their Carmel Valley home, after spending two weeks up in Big Sur.

Attend Ice Follies

Mr. and Mrs. Joe Nicholson and Mr. and Mrs. James R. Belvill spent the week end in San Francisco. While there they attended the Ice Follies.

New Home Appliances

build them into
your home for the

California
Way of
Living

How many mechanical servants will you want in your new home? All you can get, of course.

You don't want to be house-bound with work. You'll want the freedom, ease and comfort that is our California way of living. So provide for complete use of home appliances while you plan.

Make sure you have Certified Adequate Wiring so your present equipment and the new things you plan to buy will have plenty of current from circuits and outlets. Plan kitchen and laundry with space for the new automatic washer or home freezer or clothes dryer.

Use the check list below as a guide in your planning. You will be using most of these home servants eventually, so why not plan for them now? If you need help, stop in and let us go over your plans with you.

with Nancy Lofton

The very essence of chair is expressed in the modern creation of aircraft metal and cord in the chair department of the DISCOVERY SHOP on Dolores south of Ocean. This chair, and its brothers in red and chartreuse, is stripped to its beautiful essentials. First, it's very handsome, with its slender chartreuse frame, strong and graceful, and its seat and back made of heavy cord and wound around the frame. Second, its extremely comfortable to sit in, as comfortable as a hammock, only more graceful. And last it's almost indestructible. The cord seat and back are proof against any sort of weather, out doors or in. It's light enough to carry about and beautiful enough to look decorative wherever you set it. There are simple stools to match, too.

Don't let that never-to-be-forgotten day when your child first starts to school slip away from you without a fine portrait to keep it for you—or that evanescent quality of a daughter's face immediately before she goes away to college. MURL OGDEN photographer, in his studio on Ocean and Monte Verde, can catch that fleeting quality and preserve it for older less-expectant days. Such important beginnings as school or college should be commemorated and a fine portrait will keep this time bright and clear in your mind.

Can you think of anything better than a slice of fruit-filled French stollen, spread with butter and toasted and served with tea? Why try to think of anything better when the CARMEL BAKERY on Ocean between Lincoln and Dolores has for the weekend French stollens, wonderful square loaves bursting with nuts and raisins and citrus fruit. Those altogether desirable cheesecakes, almost voluptuous in the creamy cheesiness of their texture, are on the shelves, too, side by side with angel food cakes, and Danish pastry—Butter Horns, Bear Claws, Cinnamon Snails and Almond Crisps. Ah, me!

Many people wish they could capture that sweet baby freshness of their children so that they could look upon it in later years. You can have a beautiful pastel portrait made of your child for a very reasonable price. Even though you are visiting Carmel for only a week or two there is time to have it done. H. L. FRISBIE'S FURNITURE STORE on Dolores near Eighth will make an appointment with the artist to discuss it. MR. FRISBIE has a portrait on display in his store so that you can see the quality of the artist's work.

There is more than meets the eye in the VILLAGE BOOK SHOP on Ocean between Dolores and San Carlos. Try going up the twisting stair in the shop and up on the balcony you'll find a large collection of used, secondhand and rare books. Downstairs are all the new books, bright and shining, but upstairs you may find the book you've been looking for many years. There is a large group of California books as well as a wide selection of plays, not to mention travel books, cookbooks, art books and novels. Look in Miss Griffin's window at the VILLAGE BOOK SHOP. There she has assembled a group of used books from the balcony, whose asking price ranges from fifteen cents to fifteen dollars.

It's a blessing that the beginning of school is always heralded by sales. The semi-annual clearance sale at MARIANNA'S on Alvarado Street in Monterey is a boon to all mothers with school-going daughters. The sale lasts through to-day and tomorrow and bargains may be had in everything from handbags to skirts. MARIANNA'S has only two clearance sales a year,

and where else, tell me, can you find all leather handbags selling for half price. You'll find some fine suits on sale, in both dress and casual styles, and sportswear of every description. As for dresses, you'll have to see the linens and cottons and jerseys. They hang on the racks in a wide variety of styles and sizes, at tantalizing prices. MARIANNA'S SEMI-ANNUAL CLEARANCE SALE! Put it on your calendar in capital letters.

GLEDHILL'S RADIO AND APPLIANCE SHOP down on Dolores near Seventh has a prize package in the person of Mr. Kenneth Gookin, who is now in charge of all of GLEDHILL'S repair and service work. There is nothing Mr. Gookin doesn't know about radios, and if there should be something he doesn't know, he has all the equipment necessary for finding out. Such devices you never saw. He has an oscilloscope with an I.Q. much higher than Einstein's. In his seventeen years in radio Mr. Gookin has been service supervisor for the largest radio service company in San Francisco, has done radio engineering for manufacturers and special work in the engineering of sound and amplification systems. During the war he was in charge of radar equipment on seven different aircraft carriers in the South Pacific, after which your radio or other electric equipment can have no secrets from him. Mr. Gookin is also authorized to service all Scott radios, which seem to be unusually complex.

If you suddenly decide to make a quick dash for the beach and a picnic supper, THE CARMEL DRIVE-IN GROCERY DEPARTMENT is a good place to go. There's a shelf there, too, for paper cups and plates and forks and spoons, so you won't have to carry a load of utensils to and from the beach. That GOLDEN STATE NUT ROLL, an ice cream confection with nuts and a sherbet center, will make any meal, picnic or not, better than a party. It's in the freezer at the CARMEL DRIVE-IN along with other delectable ice cream.

We have it from an absolutely unimpeachable official, whose name cannot be mentioned, from an utterly reliable source that THINGS are going on, or else in the process of going to go on, in the CASA MUNRAS HOTEL on Munras Avenue in Monterey. Just what these new developments are we are not at liberty to say just at present, but it is expected that a major change is being made, and that round or about the second week in September, startling things may be observed in the Patio Room of the CASA MUNRAS HOTEL. Men are going around in the Patio Room who might be painters and decorators, and spaces are being made on the wall where something might be hung. What is in store for the future is difficult to say, but a major change of great excitement is expected.

If you're searching around for that occasional coat to wear over anything at any time, look in HOWARD'S DRESS SHOP on Alvarado Street in Monterey. There's a gray striped unlined flannel coat in three quarter length at HOWARD'S, which answers perfectly the need for an all occasion coat. This coat is cut simply and smartly, with good broad shoulders which will fit neatly over a suit, and the sleeve is cut in a bias fashion which makes the stripes of the material form an interesting design. This coat sells for \$22.98 and will look equally handsome over slacks, dress or suit. There's a white fleece coat at HOWARD'S too, also in three quarter length, which will do more to dress up your wardrobe than anything else. There's something about these white fleece coats that makes the girl who wears one feel like a young princess, all dainty and smart and feminine. This coat has simple straight lines in front and a beautiful back made of four panels which flares beautifully and hangs most gracefully. The front is unadorned, save for the beautiful

tailoring and two small silver buttons. This is a fashion tailored exclusively for California, the only place we know where winter white stays white. There is a yellow—a soft, delicate yellow—edition of this same coat, just as beautiful as the white version. When you think how this subtle yellow coat would look with a black suit or dress, when you think of it you'll go to HOWARD'S and buy it. Or maybe you'd like a belted three quarter coat, with the new rounded shoulder line softly flowing into square cut armholes in the back, a coat all wooly warm and of a new champagne color most beautiful to behold. It's there, at HOWARD'S on Alvarado Street in Monterey.

The McDONALD REFRIGERATION COMPANY, 560 Fremont Street in Monterey has 30, 40 and 50 gallon electric water heaters for immediate delivery. These electric water heaters are miracles of beauty and efficiency, all of porcelain and therefore will not corrode. Not that there's anything around HERE to corrode a hot water tank! The heating elements are on the outside of the tank, though concealed under the jacket, and so they're safe from harm too. There are two heating elements in these heaters, so if only a small amount of water is being used, only one of the heating elements operates. Dual thermostatic controls manage the efficient and surprisingly low cost operation. McDONALD'S has also a half dozen frozen food storage cabinets, in stainless steel and aluminum alloys. These are the open top type cabinets which keep the food perfectly cold and perfectly available. Some of the cabinets have sliding tops of clear, unbreakable Plexiglass, late of the B-29. Mr. McDonald will also do an elegant custom tailoring job on refrigerators or storage cabinets to suit your individual requirements for farm, home or store.

Have you met HAM? HAM roasted tenderly in a slow oven with honey dripping gently down. HAM that comes to the table with a brown honey sweet glaze and a fruit compote. Or TURKEY? Young Tom Oregon TURKEY with savory dressing and cranberry sauce and giblet gravy. Or PRIME RIBS AU JUS? And STEAK? Fillet mignon, or New York Cut, or club steak, grilled to a juicy tenderness. Now, for Sunday dinner you will meet these delicacies at the DINING ROOM of LA RIBERA on Lincoln south of Ocean. The DINING ROOM of LA RIBERA will be open for Sunday dinner from twelve until two o'clock in the afternoon and from five thirty until nine in the evening.

DEREK RAYNE, Carmel's Shop for Men, has just received a long awaited shipment of Johnston-Murphy shoes for men. Until now you could find these shoes only in San Francisco and Los Angeles, but today they are as near as DEREK RAYNE'S on Ocean Ave. JOHNSTON-MURPHY shoes, incorporating as they do the features of the finest hand-made shoes, are just about the final word in men's footwear.

LIAL'S MUSIC SHOP on Ocean at Monte verde now has Bizet's CARMEN, complete in one album. This is the first in a long series of complete operas which soon will swell LIAL'S shelves after a war-long absence. This album, containing ten twelve-inch records is the complete opera, and with it comes a convenient libretto in English. The recording is issued by Victor and made by the soloists, chorus and orchestra of the La Scala in Milan, conducted by Carlo Sabajno. Opera season begins soon, but have your opera season in your home now.

Have you an old camera gathering dust on your closet shelf? Take it out and down to the BEAUX ARTS PHOTOGRAPHY SHOP on Ocean at Lincoln, where Mr. Hudder will give it a good home and you the best possible price—and prices for used cameras are good now. Or, if you're very canny, you will use your old camera as a trade-in for one of the new cam-

eras coming in at BEAUX ARTS. These new cameras are miracles of speed and efficiency. For example, the new coated lenses give brilliancy impossible to obtain with an old camera. There are many new features which make picture-taking simpler and easier—and it's simple and easy to buy film at BEAUX ARTS and to use their 24 hour finishing service.

Have you ever tasted a chocolate sponge cake made without flour and wrapped snugly around cool rich whipped cream? Mario, in the DOLORES BAKERY on Dolores south of Ocean, makes his chocolate cream rolls in a completely unorthodox way with heavenly results. The eggs, he says, are beaten to a high froth with sugar and the cocoa holds the mixture up and the result is chocolate cake of a delicacy and lightness which rests on the tongue like a zephyr and makes the palate cry for more. This is yours for Friday and Saturday—along with macaroons of almond paste that come out of the oven all brown and golden.

We saw a black wool crepe dress in MAXINE'S on Dolores south of Ocean which is the epitome of that basic wardrobe item—the good black dress. This dress can go proudly anywhere, but it's so handsome you may want to save it for that you call OCCASIONS. As for details, the back is marked by a row of covered buttons from the neckline to the waist, which has a slight and becoming dip in its line. The neckline in front is a sophisticated version of the sweetheart neckline and the skirt is softly draped to the large bow tie on one side. It may be dressed up or down with jewelry or without. You may have it in either black or moss acqua.

Last week a bulldozer oddly enough got itself entangled with the water pipes near the CARMEL BOOKSELLERS on Mission and Fifth and consequently broke up telephone service to the shop. This is a simple statement of fact and quite true, as the telephone wires seemed to be grounded on the pipes, but now service is uninterrupted and you may call the BOOKSELLERS, 262-J, for—just to mention a few examples—a reprint of CALIFORNIA MISSIONS AND THEIR ROMANCES by Mrs. Fremont Older; or BULFINCH'S MYTHOLOGY, which has been out of print for some time; or Lillian Bos Ross' BLAZE ALLAN; or perhaps first editions of Robinson Jeffers' work. CARMEL BOOKSELLERS has several copies of JEFFERS' poems in excellent condition. There is a limited edition copy of his Poems, published by the Book Club of California in 1928, and three first editions of DEAR JUDAS, THURSO'S LANDING and CAWDOR.

The BELLOCKS, down on San Carlos near Eighth, have a capacity for catching the animation and piquancy of children in their photographs. On the walls of their studio the BELLOCKS have several photographs of children which are remarkable for their quality of liveness and quickness. Children as this studio photographs them are not China dolls, but beautifully alive human beings. Call 480-M for an appointment for a picture of your offspring taken with imagination and skill.

For that midnight to morning hard to obtain meal there's no place like FRENCHY'S CAFE at 420 Tyler Street in Monterey, located directly behind the State Theatre Building. FRENCHY'S doesn't depend on atmosphere or soft lights. It's just a high-class beanery, open twenty-four hours a day, where the eggs are fresh and good, the bacon crisp and brown, the ham and steaks plentiful, and the coffee good. It even has a dining room and there's no place better to go for that late late supper or that pre-dawn breakfast. You might almost say there's no place else to go. FRENCHY'S is awake when everyone else is asleep.

There's one of the neatest fitted make-up kits in town down in the

DOLORES PHARMACY on Dolores south of Ocean; and its price is neat too, only \$7.50. This is Jacqueline Cochran's edition of the make-up kit, containing all essentials for a lovely face except the face itself, and everything is compactly contained in a pretty handbag like case of bright red and blue. The DuBarry "Dispatch Case" is a handsome thing in brown with a shell pink lining and the jartops monogrammed in B. Have you a friend whose name begins in B? The brown—simulated—alligator kit containing a complete and large assortment of Houbigant's Translucid make-up is as impressive as the most expensive handbag and there is room for night essentials between the cunningly packed cosmetics. Needless to say all these kits at DOLORES PHARMACY have mirrors and combs—everything you need for traveling or visiting in the cosmetic line.

The HILLYER COFFEE SHOP on San Carlos south of Ocean will be closed on Sunday hereafter and Colonel and Mrs. Hillyer will take a well deserved rest. On Monday they will be back at work and HILLYER COFFEE SHOP will continue to serve their delicious meals on Monday and the rest of the week excepting only Sunday.

Pine Needles...

Attend Republican Meeting

Mrs. A. E. Price and Mrs. Daisy B. Taylor attended a meeting of the Republican Women of the bay area on Monday. A luncheon in honor of Miss Marion Martin, Executive Secretary of the National Organization of Republican Women was given at the Women's Club House in Berkeley. Senator Knowland and Judge Knight spoke briefly before Miss Martin, who was the guest speaker. Mrs. Daisy Taylor is a member of the State Republican Central Committee.

Ella Winters Here

Ella Winters (Mrs. Donald Ogden Stewart) spent several days in Carmel this week, visiting her many old friends here. She has been the house guest of Dr. and Mrs. R. A. Kocher. From here she goes to Hollywood to join her husband, who is busy at work on the scenario of Sinclair Lewis' latest novel, Cass Timberlane. The Stewarts have been making their home in New York for the past several years, with frequent trips to the coast.

Army Daughters' Meeting

The Fort Ord Chapter of Army Daughters will hold their monthly meeting next Friday, August 30. Reservations for dinner at the Mission Ranch can be made by calling Mrs. Violet Weisiger, Carmel 1319-J. Dinner will be at 7:30.

Hillyers Gather

For the first time since 1939 the sons and daughters of Colonel and Mrs. Roy N. Hillyer were all together this week.

Visiting their parents here were: Mrs. Cornelius Arthur (Betty Hillyer) of Glenwood Springs, Colorado, Mr. and Mrs. Earl E. Larson (Mary Jane Hillyer) of San Francisco, Lt. Colonel Roy N. Hillyer, Jr., U.S.A. Air Corps, Mr. and Mrs. Billy Hillyer from Carmel Valley, and Willard "Unc" Hillyer from San Jose State College.

McEntires Back Home

Mr. and Mrs. Adrain W. McEntire and their two daughters, Mildred and La Rene, have recently returned to their home on Mission and Eleventh in Carmel, after a three weeks' vacation. They motored through the north west, over the Redwood and Columbia River Highways to Nampa, Idaho, where they visited the Atwell Parry family, then the Wells McEntires at Preston, Idaho. They continued on to Ogden and Salt Lake City. While in Ogden they attended the McEntire reunion when 40 relatives gathered at the Lorin Farr Park. The McEntires, who have been Carmel residents for 24 years, came originally from Ogden.

Real Estate

PEBBLE BEACH SITE—One of the finest sites left along the golf course, commanding a wonderful water view. Is convenient to both Carmel and the Lodge. Contains approximately 1 1/4 acres. Exclusive with CARMEL REALTY COMPANY, Realtors, Las Tiendas Bldg., Ocean Ave. Phone 66.

HOME AND 8 LOTS—South of Ocean Avenue in finest residential location — has large home which can be made an ideal home with some redecorating. Four lots can be sold, leaving four lots with the home. This is one of the few large plots left in Carmel — very convenient to the beach. Can be shown by appointment at any time — possession within 30 days. Exclusive with CARMEL REALTY COMPANY, Realtors, Las Tiendas Bldg. Ocean Avenue, Phone 66.

CARMEL INCOME PROPERTY—3 units located South of Ocean Ave., near beach. Gross income over 12%.

ROBERT A. NORTON
Dolores near Ocean Avenue

CONSTRUCTION LOANS—Loans made for building new homes, on easy monthly payments. We also arrange for refinancing existing loans or making loans on existing houses. No extra fees or brokerage charged. Quick and confidential service. CARMEL REALTY COMPANY, Las Tiendas Bldg., Ocean Ave., Phone 66.

MISSION TRACT LOT—60x100 ft. in excellent location \$2,150—easy walking distance to beach—sunny—practically level for easy building. All wires underground. Desirable building sites close to beach are very scarce. CARMEL REALTY COMPANY, Realtors, Las Tiendas Bldg., Ocean Avenue, Phone 66.

CHEERFUL HOME—A modern 2 bedroom home with a 16 x 24 ft. livingroom — extra good closet space—built about 5 years ago, and in good condition. Attached garage. Enclosed patio and very nicely landscaped yard. Attractive new furniture which is included in price. First time on the market. 30 day possession. CARMEL REALTY COMPANY, Realtors, Las Tiendas Bldg. Ocean Avenue, Phone 66.

EXCLUSIVE 2 houses on 12,800 square feet of property, completely furnished and ready for occupancy Sept 1. Guest house now rented for \$32.50 per month. This is an excellent buy at \$12,750.

EXCLUSIVE LOTS

A wonderful choice lot looking up Carmel Valley toward the Santa Lucia Mountains. Completely unobstructed view, on rim of the mesa, almost 1/4 acre. \$2,650.

APPROXIMATELY 23,000 square feet, high up in La Loma Terrace, consists of 3 adjoining lots, \$6,500.

OVERLOOKING Carmel Mission and Pt. Lobos, magnificent outlook, \$4,000.

MODERN 2 bedroom home in sunny section of town, living room, dining room, garage with wash trays. Nice garden and brick patio. New stove and refrigerator. Occupancy Sept 15, \$16,000.

FOR SALE BY OWNER. If you have promised yourself a little spot of land in beautiful, exclusive, (restricted) Pebble Beach here is your opportunity. For \$8000 cash almost 2 acres of unimproved property. Worth much more at today's prices. Write Box 1881, Carmel.

I have had few homes to offer in Pebble Beach area recently but this is something unusual and close to the lodge. The house is built of stone and has several bedrooms and baths, rumpus room, large lot. There is nothing to compare with this in price when you consider the carefully planned rock work, size of rooms and the possibilities of the layout of the garden, which has been neglected by tenants. You may occupy as soon as the deal is closed and will be proud to own a home as near the golf course, racquet club and Carmel. Hurry on this, it will sell on sight. Priced to sell now at \$32,000.00.

Rustic cottage with foundation in perfect condition, built of best of redwood—2 bedrooms, living room with fireplace, wall gas heaters, bus at door, sunny location, offered to sell at a fair price and occupancy furnished or unfurnished.

You have been asking for 2 units south of Ocean Avenue, but that is a big request, well we have it. We have a 2 bedroom cottage, living room with fireplace, gas heat, service porch, and a cottage in the rear with 3 rooms garage, both furnished, near shops and beach at only \$9000, you can't beat this, and occupancy in 30 days.

If you are interested in lots we have one close to the High School in exclusive Hatton Fields at \$3000 and one at \$1500, also 2 just outside the city limits at \$900 each—40x100 and the big feature is there are no trees to fall for building, this is a good deal at \$900 each. Hurry on these. Call—

"What More . . . ?"

By CARL DURRELL

When I was in high school in Pasadena a boy named Joe was there too. His mother was a bird student, and she started Joe as a child watching those interesting creatures. Later he attended Throop Polytechnic Institute (later Caltech) and very soon he was publishing articles in the scientific magazines. He married Hilda Wood, a fine helper and a very good biologist.

He became professor of zoology at the University of California, director of the California Museum of Vertebrate Zoology, and the authority on west coast ornithology.

In 1934-35 he and Jean Linsdale studied the vertebrates at Point Lobos, and the Carnegie Institute published the fascinating account of their observations. Mr. Wilson, the warden at the State Park, has copies of it for sale at the entrance.

Dr. Crinnell died a few years ago, but Mrs. Grinnell is still at the museum, I think.

This past week I have been noting the earliest and the latest birds at the feeding table in my yard. Usually the chickadees are the first to come and the last to go. They come at about half past five in the morning and leave after six in the evening. Last Sunday, the earliest was a hummingbird, next a junco, and third, a chickadee. The nuthatches are usually late at breakfast, but they make up for it by working hard on the suet, sometimes as many as five clinging to it at once.

The male Nuttall Woodpecker was gone for a week or so, and the downy has been away a long time. Maybe he found a better (not a cheaper) restaurant nearby. We don't like to lose customers and perhaps we should advertise. How does one go about it? I wonder if they see the Pine Cone. (Ed's Note: But of course!)

Mr. Nuttall came to our eating place Saturday and it was fun to watch the antics of our boarders. One nuthatch came right after he did and clung to the other side of the netting, where he was hidden by the bread and suet. Then a chickadee came to the table under the suet, clinging to the table edge, peeking over and up to the Nuttall. Then another nuthatch came. The woodpecker saw the nuthatch and lunged at him. This comedy went on for about ten minutes, when the company flew away.

Last July we had the good luck to see four white-tailed Kites at Point Lobos, hovering over a meadow. Grinnell and Linsdale didn't see any in 1934-35. This bird is very rare. Later in the summer one hunting on the marsh at the mouth of the Carmel River, and Laidlaw Williams showed us through his telescope the bird eating a meadow mouse in the top of a dead tree.

Mrs. A. C. Sharpe

Mrs. Margaret R. Sharpe, widow of Colonel Alfred C. Sharpe, U.S.A., died August 16 at her home in Hollywood. Mrs. Sharpe was 92 years old. She was born in Delaware, Ohio, in 1854. Most of her life was spent on Army Posts both in the States and in the Philippines and Puerto Rico.

Mrs. Sharpe leaves a host of friends on the Monterey Peninsula as she lived in Carmel for many years at the Pine Inn in the days of the late John Jordan.

Surviving her are her son, Cap-

tain Howard G. Sharpe, U.S.A. retired, of Hollywood, and granddaughter, Rosalind Sharpe of Carmel.

Her grandson, 1st Lt. William G. Sharpe, U.S.A. Air Corps, was killed on returning from an air raid over Friedrichafen, Germany, on March 18, 1944.

Rosalind Sharpe went to Hollywood to attend the funeral, which was held in Los Angeles on August 19.

This Business Of Eating

BY OLIVE SWEZY

Numberless peoples are preoccupied just now with the serious business of getting something to eat. Not primarily with adequate food but just enough to keep body and soul together. A great many scientists are also preoccupied with this same business of eating, but they are looking for the relations between the food we eat and the state of our health.

Ever since scurvy was found to be cured by foods containing vitamin C, the possible relations between other diseases and food have received much attention and during the last decade great advances have been made along this line. The body is a chemical machine and requires constant stoking with the chemicals needed for repair and organic functioning as well as growth. Lack of any of the chemicals necessary for maintenance and functioning will produce an imbalance in its work as a machine as surely as lack of oil will cause trouble in an engine. Unlike the car, most parts of the body are being constantly torn down and rebuilt and hence the greater need of constant replenishing of the needed chemicals. If any of these are lacking — well, you know what has been happening to motors for the lack of replacements during the past three years. It means neuritis, heart disease, et cetera.

Perhaps the classification of foods as chemicals will confuse people who cherish the idea that personal likes and dislikes are the basis for food selection. If it were a worthwhile basis some diseases would not be so prevalent.

Raymond Swing recently reported testimony given before a Senate Committee by a scientist who had been experimenting for more than four years on diet as a cure for cancer, with some remarkable cures. There is much experimental work to support this attempt. In the case of small animals, the addition of a foreign chemical or the lack of a needed one in the diet will often promote abnormal growth. It is extremely likely that a chemical imbalance of the same nature in the human body will also cause an abnormal growth of cells — which is the deadly cancer. Further support of this is found in the records of autopsies of cancer victims in which abnormal pituitary glands and pancreas suggest that the diseased had used excessive amounts of carbohydrate foods with a resulting chemical imbalance.

The stockman provides scientifically prepared foods for his stock and his wife does the same for her baby, with excellent results, while their own food, like that of most of the population, is a more or less casual affair. The subject of vitamins has been adequately exploited because it is commercially profitable to do so, but this has not brought about the improvement in health that vitamins can provide. The reason for this lies in the vitamins themselves.

Take the vitamin B complex. It includes at least ten vitamins and the action of these is interdependent, forming an interlocking system. Taking two or three out of the complex will not provide full benefits since the action of the others are necessary at the same time. For this reason people are often disappointed with their synthetic vitamin dosage. The complete B complex can be obtained only in natural foods such as whole grain bread and cereals and liver. Synthetic vitamins are valuable as supplements to those obtained from natural foods and are not a substitute for the foods themselves.

Recent work on vitamins is establishing close connections be-

tween them and some of the prevalent diseases. Certain types of heart disease are being alleviated and cured by vitamin E. Vitamin A has been found necessary for good eyesight but now it is being established that riboflavin is also necessary for the health of the eyes, and a lack of it is associated with cataract and other troubles. It has been said that lack of this vitamin appears to be the most common vitamin deficiency in this country and is especially apt to be lacking in the diets of elderly people.

How much vitamins are needed for good health? There is the minimum, the amount needed to get by, and the optimum, that needed for good health. Much experimental work shows this optimum amount to be three or four times the minimum. These vary in some cases with the weight. With vitamin A, 150 units are needed for each pound of ideal body weight. The optimum amount of vitamin B1 is 30 (gammas) times the ideal body weight. That for vitamin C is 2 (milligrams) times the weight. The optimum amount of riboflavin is 4 milligrams daily. These are the daily requirements, since most of the vitamins are not stored up in the body and its needs must be met daily.

Selection of foods with an eye to their mineral and vitamin contents will pay big dividends in helping to maintain good health and warding off some of the diseases which have become so prevalent in recent years.

Getting Around The Peninsula

(Continued from page One)
light snack of two quarts of milk, three loaves of bread and five pounds of horse meat. After he has finished this appetizer he is ready to sit down to a substantial meal.

X X X

Deer are very beautiful and graceful animals. They like fresh vegetables. They like young lettuce and carrot tops and beet tops. They also like green corn spears. But when they decided they liked tomato plants, all three dozen of them in the vegetable plot, they got themselves placed on my no likee list. Anybody got a rifle?

X X X

Muriel Rukeyser, who is considered one of America's finest young poets, has been a Carmel visitor this week, making her headquarters at La Playa. Her poetry appears in national magazines and she is the author, as well, of a volume of poetry called *Beast In View*, and an autobiography of Willard Gibbs.

X X X

Members of the S. F. Chronicle editorial staff financed a 10-day painting excursion to Monterey for Copy Girl Amber Eustus, talented water colorist. Stockholders invested in Amber, Inc., and their investments applied against the purchase price of the paintings. When Miss Eustus returned from Monterey she had 36 water colors of coast line, fishing boats and the old wharf, and these were hung in exhibition on the city room walls. Investors had first choice and more than half of the paintings

LAST TEEN AGE DANCE

The last of the Summer Recreation Program 'Teen Age dances will be held Wednesday night, 8:30 o'clock at Sunset Library, and because it is the last one and something of an event, dancing will continue until midnight instead of stopping at 11 o'clock as usual. Special decorations are planned, also.

were sold the first day of the show. The exhibit draws a crowd of admirers daily. The brain behind the scheme was that of John Bruce, city editor, who was impressed with Miss Eustus' talent. He, as treasurer of the firm, sold stock to Chronicle employees and kept books on the money and records of the paintings. The idea is similar to the one devised a few years back by Barbara and Elwood Graham, who financed trips into Mexico and the deep south in much the same manner. Each one interested in this project agreed to purchase a painting for a certain set

price and a drawing was held to determine first choice and so on. Everyone was happy about the whole deal and the Grahams not only had a wonderful trip but they brought back some fine work, as well.
